

# AI video security for retail

Enhance visibility and take retail security to a whole new level with end-to-end AI video security.

Dwell time

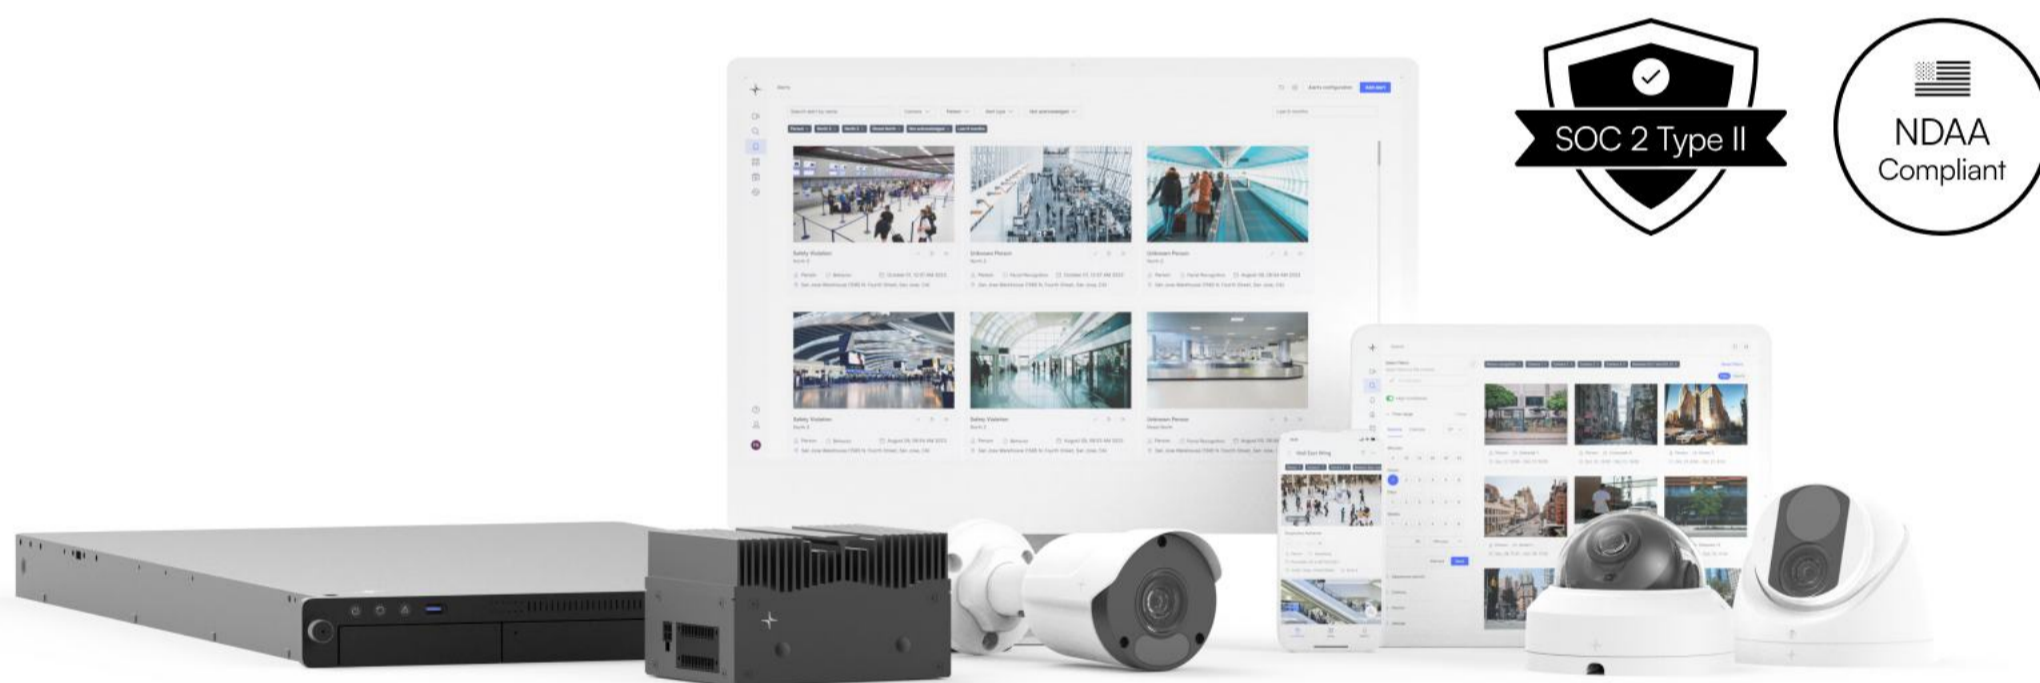

🕒 5 min 27 sec

📍 Women's clothing

## Meet the all-in-one Lumana platform

Modern video security meets next-generation AI

### Cameras

Enhance existing cameras or use Lumana cameras covered by a lifetime warranty.

### Core

AI video processor with up to 90 days of industrial-grade SSD storage and up to 365 days in the cloud.

### VMS+

Manage multiple locations from a single platform with modern video management software powered by AI.

#### Monitor from anywhere

Access Lumana to monitor your sites from any browser or mobile device.

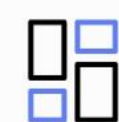

#### Real-time AI alerts

Notifications for unauthorized access, loitering, occupancy, thieves, and more.

#### Find footage in seconds

Layer search parameters to filter footage and instantly find what you need.

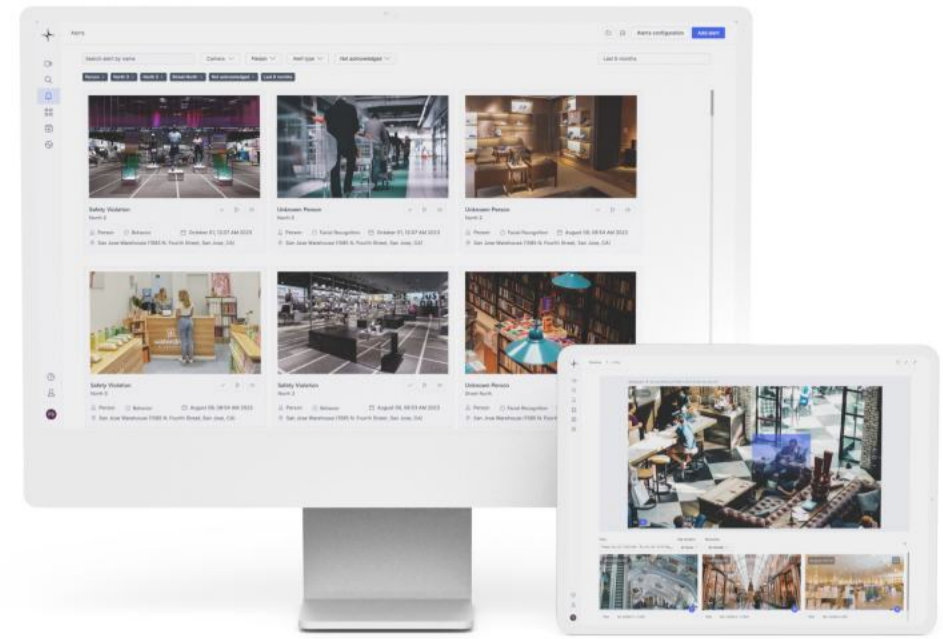

#### Intelligent dashboards

Capture live data from video and quickly visualize security and operational trends.

## Monitor cameras from a single platform

Get real-time visibility and manage store security from a centralized platform accessible via a web browser or mobile app.

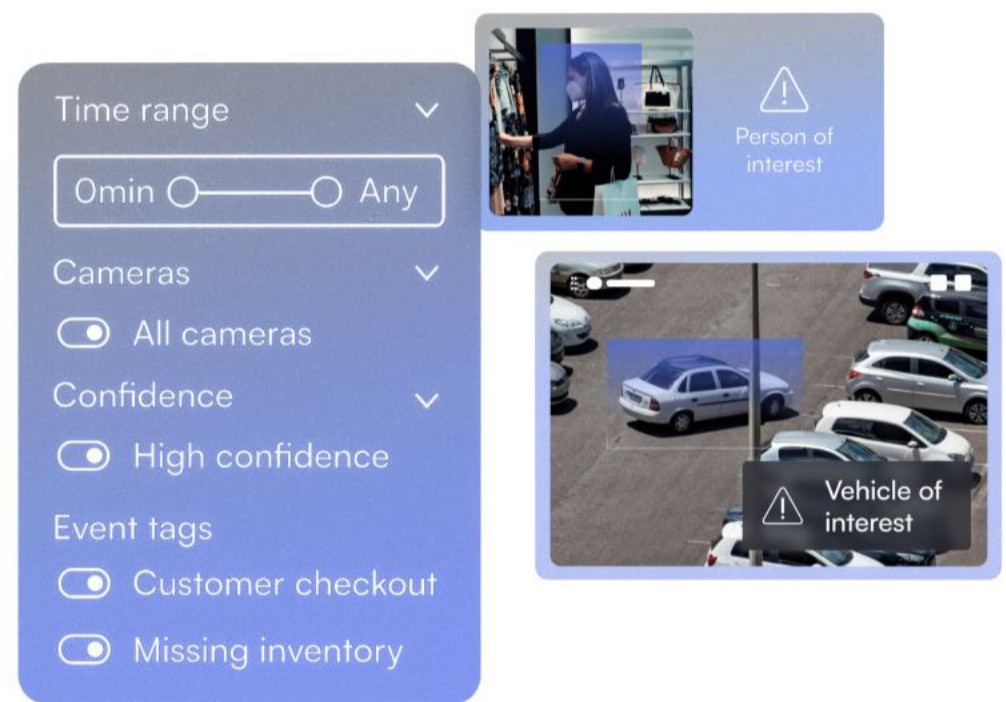

## Reduce theft and shrinkage with AI alerts

Detect unwanted activity in real-time with accurate alerts. Automatically identify repeat offenders when they appear on any camera.

## Find footage and investigate in seconds

Search millions of hours of video in seconds to find people or vehicles of interest. Use Event Tag to index footage with POS or third-party system data.

## Drive smarter decisions with live data from video

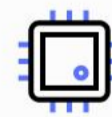

Improve operations and easily identify trends with visual dashboards for space utilization, occupancy, customer trends, dwell time, and more.

Futureproof architecture with automatic updates

Standard lifetime warranty for complete peace of mind

Self-learning AI for a tailored security experience

Dedicated onboarding, training, and support

## Supercharge retail security with AI
