

AI video security for hospitality

Elevate your space, improve security, and maximize operational efficiency with AI and computer vision.

Meet the all-in-one Lumana platform

Modern video security meets next-generation AI

Cameras

Enhance existing cameras or use Lumana cameras covered by a lifetime warranty.

Core

AI video processor with up to 90 days of industrial-grade SSD storage and up to 365 days in the cloud.

VMS+

Manage multiple locations from a single platform with modern video management software powered by AI.

Monitor from anywhere

Access Lumana to monitor your sites from any browser or mobile device.

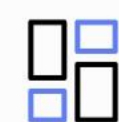

Real-time AI alerts

Notifications for trespassing, loitering, occupancy, and people/vehicles of interest.

Find footage in seconds

Layer search parameters to filter footage and instantly find what you need.

Intelligent dashboards

Capture live data from video and quickly visualize security and operational trends.

Obtain visibility from anywhere, any time, on any device

Centrally manage all cameras from one platform and provide managers with role-based access to create safer, more efficient environments.

Unattended guest in Lobby

Provide premier guest experiences

Create precise AI alerts to automatically monitor your space and receive real-time notifications when unwanted activity is detected.

Drive smarter decisions with data

Create customizable dashboards to collect live data from video to analyze safety, customer, occupancy, staffing, and operational trends.

Streamline and only focus on what matters

With self-learning AI, Lumana provides accurate and relevant insights when they matter, reducing manual work and false alarms.

Futureproof architecture with automatic updates

Standard lifetime warranty for complete peace of mind

Self-learning AI for a tailored security experience

Dedicated onboarding, training, and support

Experience simpler, smarter security
