Meet the all-in-one Lumana platform

Modern video security meets next-generation AI

Cameras

Enhance existing cameras or use Lumana cameras covered by a lifetime warranty.

Core

AI video processor with up to 90 days of industrial-grade SSD storage and up to 365 days in the cloud.

VMS+

Manage multiple locations from a single platform with modern video management software powered by AI.

Monitor from anywhere

Access Lumana to monitor your sites from any browser or mobile device.

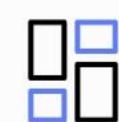

Real-time AI alerts

Notifications for weapons, banned individuals, or unauthorized supply access.

Find footage in seconds

Layer search parameters to filter footage and instantly find what you need.

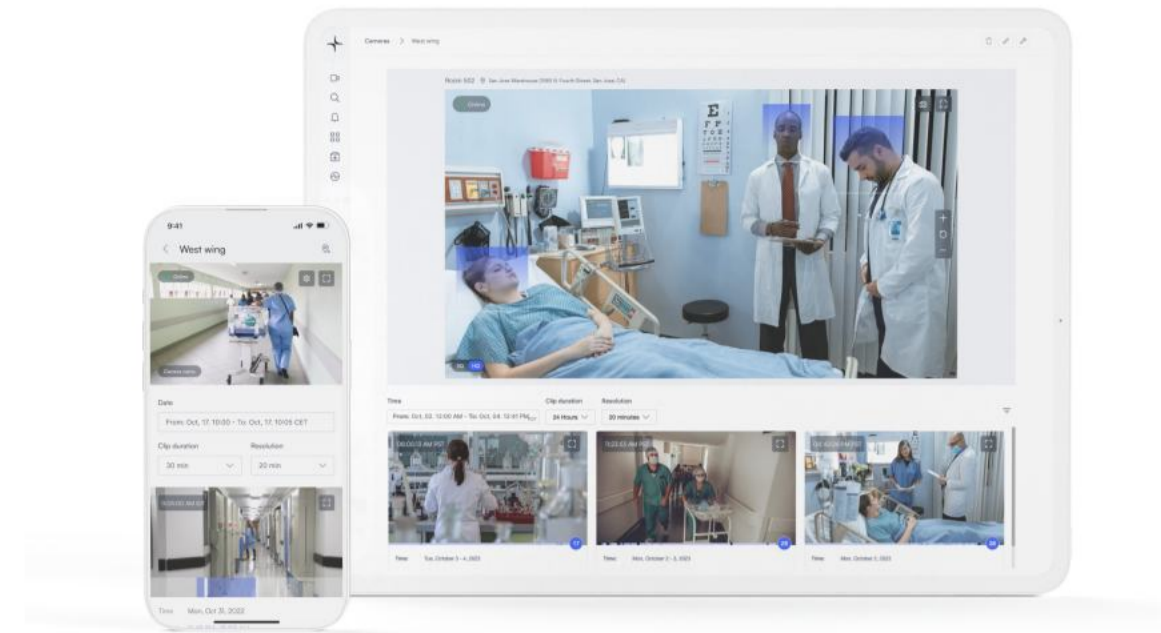

Intelligent dashboards

Capture live data from video and quickly visualize security and operational trends.

Unlock real-time awareness

View cameras from one centralized platform and select from over 100+ alert combinations for automated AI monitoring.

 Unauthorized storage access

Protect staff and patients

Proactively prevent unwanted activity and address potential threats with real-time alerts and automated response tools.

Ensure compliance and privacy

Protect PHI/ePHI and maintain HIPAA compliance with privacy-focused architecture and organizational safeguards.

Improve healthcare operations

Monitor your facilities with AI and ensure medicine stays secure, supplies are fully stocked, and patients receive timely care.

Futureproof architecture with automatic updates

Standard lifetime warranty for complete peace of mind

Self-learning AI for a tailored security experience

Dedicated onboarding, training, and support

Transform your healthcare facilities with AI
