Meet the all-in-one Lumana platform

The fastest way to see and respond to events that matter most

Cameras

Enhance existing cameras or use Lumana cameras covered by a lifetime warranty.

Core

AI video processor with up to 90 days of industrial-grade SSD storage and up to 365 days in the cloud.

VMS+

Manage multiple locations from a single platform with modern video management software powered by AI.

Monitor from anywhere

Access Lumana to monitor your sites from any browser or mobile device.

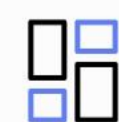

Real-time AI alerts

Notifications for unusual behavior, untrusted faces, loitering, vandalism, and more.

Find footage in seconds

Layer search parameters to filter footage and instantly find what you need.

Intelligent dashboards

Capture live data from video and quickly visualize security and operational trends.

Intuitive, enterprise-grade video management system

Manage all cameras and locations from a single pane of glass and use AI-powered tools to accomplish complex tasks in minutes rather than hours.

 Tampering detected

Advanced AI for unmatched visibility and control

Leverage best-in-class AI to identify suspicious activities, such as untrusted people or vehicles, loitering, equipment tampering, and more.

Actionable insights for real-time response

Gather live data from video to proactively resolve issues before they escalate and receive real-time alerts when unwanted activity occurs on any camera.
